The regional project seeks to consolidate the partnership established with institutions in the field of equality and non-discrimination and follow up on ongoing processes and harmonisation of legislative and institutional frameworks with European standards.

This project is implemented within the third Phase of the joint programme of the European Union and the Council of Europe "Partnership for Good Governance." It builds on the results of the previous phases of the Partnership for Good Governance in the field of equality and non-discrimination (Phase I 2015-2018 and Phase II 2019-2023).
