Layihənin təsviri:
The "Maritime safety, security and marine environmental protection in the Black and Caspian Sea Regions" project aims to improve maritime safety and security, and to prevent marine pollution in the region. It does so by supporting the efforts of coastal states in implementing relevant international legislation, approximating their regulatory frameworks with EU legislation and improving the performance of their maritime activities.

Gözlənilən nəticələr:
- Improved maritime safety.
- Improved security of ships and port facilities.
- Reduced pollution of the marine environment.
- Improved level of maritime training and qualification of seafarers.
- Improved living and working conditions on board ships.
