

Strengthening surveillance and bilateral coordination capacity along the common border between Belarus and Ukraine (SURCAP Phase II)

Duration: 01.01.2014 - 31.12.2016

Countries:
Belarus, Ukraine

EU contribution: € 5 350 000

Implementer:
International Organisation for Migration

Social media:

Website(s):

Project description:

The Project contributes to the overall increased operational efficiency of the Belarusian and Ukrainian border services in central and western areas of the countries' joint frontier. SURCAP II will include training activities as well as large-scale procurement of specialized surveillance equipment for the border guards of Belarus and Ukraine.

Expected results:

- To help to develop the qualifications of border guards deployed at the land and river border sections, at international crossing points, as well as that of senior officers of the Chief Border Troops Headquarters of Belarus and Ukraine.
- To arrange visits to EU countries for them, putting a special emphasis during the visits on combating irregular migration, border control at checkpoints and international airports.
