Project description:
The overall objective of the Project is to improve access to justice for citizens and business through assistance in delivering of improved services across the judicial system. The Project mainly aims to enhance effectiveness and efficiency of the commercial and administrative judiciary, to strengthen training capacity of the Justice Academy in the relevant field, to support the implementation of the mediation and to promote arbitration.

Expected results:
The results to be achieved within this Project are improving of the legal frameworks of commercial and administrative judiciaries, enhancing training capacity of the Justice Academy in these directions and strengthening professional capacities of judges and legal personnel of specialized courts. Further, enhancing mediation institution and promotion of arbitration and cooperation with the UNCITRAL are also expected to be achieved.
