Project description:

The Eastern Partnership (EaP) Integrated Border Management (IBM) Capacity Building Project supports the implementation of IBM across borders in Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine, according to European best practices. The project focuses on capacity building and enhancing the training capacities of the national agencies involved in border management, such as border police and customs.

Expected results:

- Improvement of IBM training capacity.
- Enhancing IBM capacity through specialist training.
- Horizontal initiatives related to good governance and respect for fundamental rights.
