Project description:

The overall project objective is to ensure better access of court users in Azerbaijan to justice through strengthened efficiency and quality of the judicial system and improved enforcement of court decisions.

The expected outcomes of the project:

- Enhancement of the efficiency and quality of Azerbaijani courts through the application of CEPEJ tools at national level;
- Improvement of the enforcement of court decisions through legal and institutional modernisation of the enforcement system.

This project is funded by the European Union and the Council of Europe and implemented by the Council of Europe in their Partnership for Good Governance II (2019-2022).

Expected results:

- Strengthen the awareness and knowledge on the tools for public access to judicial statistics, based on the concept of CEPEJ-STAT;
- Strengthen the skills and know-how on judicial statistics' collection and analysis for policy-making and managerial purposes;
- Promote modern management methods and tools applied by Azerbaijani courts in view of better efficiency and user satisfaction;
- Provide expert recommendations in view of improving the enforcement legislation in line with European standards;
- Enhance awareness and knowledge among the national stakeholders on the European good practices in enforcement proceedings and related case management.
